*Prepare students for the challenges of the 21st century*

Educational leaders get a 7-step blueprint to move their schools and districts forward in the quest to prepare students for the challenges of the 21st century. *The Education Leader's Guide: 7 Steps Toward 21st Century Schools and Districts* inspires leaders to implement the teaching and learning of critical thinking, communication, collaboration, and creativity.

*The Education Leader's Guide: 7 Steps Toward 21st Century Schools and Districts*  
by Ken Kay and Valerie Greenhill

**What Educators are saying about *The Education Leader's Guide*:**

*"District leaders who want to prepare their students for success in the future must embrace 21st Century learning. But what IS 21st Century learning, how can district leaders assess where they are, where they need to go, and what they should do when they "get there?" Ken Kay and Valerie Greenhill's book provides that roadmap and more."*  
- Cathy Gassenheimer, Exec. VP, Alabama Best Practices Center, A+ Education Partnership

*"This book is more than a must read for school leaders and aspiring leaders, it is a shop manual for success. It needs to be dog-eared and underlined with lots of notes in the margins."*  
- Ron Marx, Dean, College of Education, University of Arizona

*"As a nation, we have an opportunity to incorporate the Common Core with the 21st Century skills necessary for all students to succeed. Ken and Valerie have taken the last decade of their work to create a compelling framework for us all to follow. Following the seven steps outlined in the book will enable us to demonstrate the leadership and direction in education that this nation desperately needs."*  
- Jack Dale, Superintendent, Fairfax County Public Schools
